## STANDARD OCCUPATIONAL CLASSIFICATION

The 2018 Standard Occupational Classification (SOC) system is used by Federal statistical agencies to classify workers into occupational categories for the purpose of collecting, calculating, or disseminating data. All workers are classified into one of 867 detailed occupations according to their occupational definition. To facilitate classification, detailed occupations are combined to form 459 broad occupations, 98 minor groups, and 23 major groups. Detailed occupations in the SOC with similar job duties, and in some cases skills, education, and/or training, are grouped together.

The **CDLPro™** Truck-Driver Training Program at TGA Truck Driving School prepares students for the occupation(s) in the Standard Occupational Classification system below:
